Nebraska Senior Farmers Market Nutrition Program

The Nebraska Senior Farmers' Market Nutrition Program (SFMNP) provides coupons to low-income senior citizens so they may purchase eligible foods at SFMNP certified Nebraska produce stands. Eligible foods consist of only fresh, nutritious, unprepared, locally grown fruits, vegetables, and herbs for human consumption. Please note that starting this year; honey is now an eligible food that can be purchased with SFMNP coupons. According to USDA guidelines, all farmers who would like to participate in the SFMNP for the first time must receive face-to face; interactive training and they must enter into an agreement with the Nebraska Department of Agriculture (NDA). The trainings will be conducted by the NDA. Instruction will include eligible food choices, proper coupon redemption procedures, and equitable treatment of SFMNP participants. The training will also address the procedures enforced if farmers fail to remain in compliance with program regulations. However, farmers who were suspended and disqualified during last year's program must also attend a training session to be recertified. Failure to attend a training session prevents farmers from cashing SFMNP coupons.
